Smile Support Project

We are launching our online donation website!

Over the course of our history, more than 15,000 children have built and nurtured friendships that connect the countries and regions around the world despite of the cultural, political and religious differences among them. This many children have taken a step toward becoming 'Global Citizens' thanks to all the support we have received from you. In order to pass on the torch of hope to our future generation, we have finally set up an online donation platform to receive financial contribution from our supporters inside and outside of Japan. We named this initiative 'Smile Support Project,' hoping to keep spreading smiles to children across the world. Being encouraged by all of you who share the vision with us, we hope to keep moving forward to create a more peaceful world where the smiles of children abound. Thank you for your kind consideration.

Summary of Smile Support Project

Our donation platform will allow you to donate any amount over 1000 yen with your credit card

One Time	¥5,000	¥10,000	¥30,000	¥50,000	Others

«What your monthly support can do»

¥1,000/month	¥3,000/month	¥10,000/month
 1,000 yen per month will sponsor a child to attend one day of exchange	 3,000 yen per month will host one country and region's performance at the open event	 10,000 yen per month could sponsor a one-way flight ticket for a future global leader

APCC Smile Supporters will receive a newsletter every half year as well as some downloadable gifts.

As well as the subsidies, the financial contributions from companies and individuals are vital for our organization to continue with our programs. The funds we will be receiving through Smile Support Project will, with much appreciation, be used to provide more children with the opportunity to connect with the world.

APCC is a global family for me. I got the realization of being a global citizen for the first time in my life because of APCC. It's not only about making friends from different parts of the world but also it is a very silent and spontaneous process of developing a sense of global responsibility and compassion. APCC is the place where we can dream together, play together, smile together even cry together. Looking at today's world, it is really important for the children to have the experience of APCC more than ever so that we all can share love and peace to make the world a better place.

APCC gave me a second family, my host family in Fukuoka. We are still a family today, 28 years after I first met them at APCC. Over those years we have shared family weddings, the arrival of children and many, many letters and emails. APCC also gave me a global family. I feel connected to people in countries all over the world. Even though I have not visited all of these countries, I can remember their people and ambassadors and when we shared a smile. These small memories come back to me in my day to day life and work. They make me smile and I hope that the way that I behave in the world reflects the kindness that was shown to me at APCC. It gives me comfort in the difficult times to know that I am part of a bigger family.
