No. Pol.6/2010-flood

2<sup>nd</sup> November 2010

I am deeply touched with the kind gesture of members of Bridge Club Japan and young children of the Asian-Pacific Children's Convention in Fukuoka (APCC) for making such a generous collection (Japanese Yen 81,261/-) to Prime Minister of Pakistan's Flood Relief Fund 2010. I also convey our appreciation for the volunteers for carrying out a street donation in Fukuoka City Center in this regard, which indeed means a lot to us.

The floods, worst in living memory, have left behind a trail of death and destruction. Precious lives have been lost, thousands of hectares of crops have been washed away, homes have been destroyed and livelihoods have been lost. In these circumstances your generous support would greatly help us in effective rehabilitation and reconstruction efforts.

I avail this opportunity to pray for your good health, long life and continued success of Bridge Club Japan and The Asian-Pacific Children's Convention in Fukuoka (APCC) in its future endeavours and in its service to humanity.

*With warm regards,*

Yours sincerely,

(Noor Muhammad Jadmani)
