Session 3: C&C (Collaboration and Cooperation) Corners

The final session of the first day was the C&C Corners. The session was meant to discuss about topic of interests to encourage collaboration and cooperation among BCPN members. There were 2 topics presented and discussed in the session, they were travel and investment.

Travel
(Miss Ashima Agarwal, India and Miss Man Shu Lee, Taiwan)

The first topic of interest was the everybody’s interest, which is traveling! Presented by Miss Ashima and Miss Man Shu Lee (Elvira), they both spoke about the impact of traveling and the opportunities they got from it. In the questions and answers session, the audience came up with idea to arrange BCPN group travel.

Investment
(Mr. Arief Adinoto, Indonesia)

The second topic, presented by Mr. Arief, is about investment/crowdfunding. While collaborating business is complex, investment on the other hand is simpler. Mr. Arief spoke about a group investment opportunity that could be offered to the BCPN members. The idea behind this opportunity is to help self fund the BCPN (and possibly the BCIO). The opportunity gives members the option to invest in a project with the idea to put a percentage of profit into the BCPN fund before dividends are payed to investors.

Mr. Arief explained how investment or crowdfunding could work across various kind of projects, eg. assets investment, business investment, or social projects. In the future, he hoped BCPN could create a crowdfunding platform where BCPN member can propose projects to be funded/invested, and any member can invest/donate their money to the project they are interested in, through the platform.
Not only a concept, with his experience as a consultant for Indonesia market entry and investment, Mr. Arief also presented an ongoing investment project from a Japanese BCPN member to property assets in Indonesia worth for JPY 5 million, with potential gross profit of 37% within a year.

Closing his presentation, Mr. Arief emphasize the bottom line for any kind of project which involves money, that it must be laid on the strong omoiyari spirit towards peace and common wealth of the participating members.

**Dinner and Free Time**

The first day of the conference was ended with dinner at the hotel restaurant. During free time, some participants chose to hang out at The Pier Café, while some others enjoyed swimming at the infinity pool.
Conference Day 2  
8 October 2019

“How BCPN/BCIO can be more attractive to its members?”

For the first topic, the participants were divided into 4 groups, and were given 40 minutes to discuss their ideas. Each group then presented their ideas to all audience.

BCPN Structure

The second topic of discussion was BCPN Structure. The 4 groups members were shuffled, and they were given 30 minutes to discuss about effective structure for BCPN.

After the discussion, each group presented their structure diagram and the reasons for the structure form. Each group suggested different structure, and therefore to incorporate those opinion, all participants discussed the most effective structure, moderated by Mr. Arief and MS. Erin. The discussion came up with conclusion below.

Mr. Arief Adinoto, MS. Erin Maitland, and MS. Nidhi Parekh are currently the General Manager and Assistant Managers of BCIO. The discussion suggested those 3 managers also take leadership role in the BCPN structure at this initial stage.

Social Media Team
This team will handle all BCPN social media, newsletter, and other publishing platforms. Their task is to publish BCPN information and encourage communication between members.

Database Team
This team will handle data of BCPN members, and by collaborating with the Social Media Team, it has to promote members’ profile, in order to encourage collaboration between members.

Development Team
This team will collect ideas from the members, screen and analysis them and escalate for further consideration and implementation.

Recruitment to fill position on those 3 teams will be opened within 1 month after the conference.
Give and Take

The last topic in the Ideas and Initiatives session was “Give and Take”. Each participant was given a piece of paper, and was asked to write down about what they can take from the APCC network, and what they would like to give to the network. The bottom line is, there has to be a balance. We can use the network, but we cannot abuse it. It means, every member has to make their balance of taking benefit from and contributing to the network.

Their list of take and give (input and output) were kept as their commitment.

Summary Session

After the lunch break, MS. Erin and Mr. Arief presented a brief summary of all the sessions, to give emphasize to the important conclusion from each session.
Beach Bash

The Summary Session is the closing of formal sessions of the conference, but it is also a time to have fun. All participants were taken by bus to the Lagoon Beach near the resort. The participants were then divided into 2 groups, and they chose a group name “Cat” and “Lion”. The Cat and The Lion competed to win 4 games, named as “123 Eaaa”, “Apple Orange Banana”, “Water Speed Race”, and “Bulldozer Race”. Everyone took part, got wet, and enjoyed a fun time with much laughter together.
Closing Party

The Closing Party was set as roundtable dinner in the sandy field by the resort beach. Younger BCI members came to the party with their family. 25 management members of the sponsor, PT. IKI, were invited. Almost 100 people attended the party.

The party became more colorful with participants wearing their colorful national dress. The sponsor also exhibited the Let’s Go! Chicken and Yu’ Manja products and provided them free for all participants.

The party was opened at 7 pm by the MC, Ms. Ema Ekayani and Mr. Reza Aditya, both are former Indonesian JA of 1989. Mr. Satwika then gave a speech on behalf of BC Indonesia and PT. Inspirasi Kuliner Indonesia. After his speech, the Indonesian 2019 JAs performed “Saman” dance from the westernmost province of Indonesia, Aceh.

The second speech was from The APCC Operating Director, Mr. Masaomi Fuji. He expressed his happiness that the conference went well, and hoped BCPN will arrange the conference every 2 years.

All guests were then pleased to enjoy the dinner while being entertained by an Indonesian Idol, Miki Michaels, and his band. The band performed so well, that all the guests could not resist joining in singing and dancing.

Unfortunately the rain came in the middle of the party. The rain was sudden, and very heavy, that even the tent could not keep the guests dry. The party was then moved into the indoor restaurant, where the participants closed the conference by singing “We are the BRIDGE”.

Trip to Thousand Island
9 October 2019

Thousand Island (Kepulauan Seribu) is the name of archipelago in the north of Jakarta offshore. On the final day of the conference, all participants were taken to Putri island, one of many resort islands in the Thousand Island.

The rented a private boat and left the Marina Port at 8:30 am, and reached the island at around 10 am. After enjoying the welcome drink, all participants went aboard into a glass bottom boat to enjoy viewing colorful corals and fish around the island. Soon after the glass bottom boat docked, participants went into underwater glass tunnel to view different kind of fish.

Done enjoying the underwater, the next activity was enjoying walk around the island which might take only half an hour. However, the participants did not want to miss the moment to take a lot of pictures with beautiful scenery around the island. They were also surprised by the presence of free range Komodo dragons in the island.

After having lunch, it was the time for the most awaited activity, snorkeling. Snorkeling equipment was included in the trip package. Snorkel, goggle, life jacket, and flippers worn and some participants jumped into water right away, while some others enjoyed spending time on the dock and taking pictures.

The boat sailed back at 3 pm and reached Marina Port at around 4:30 pm. The participants were then taken to the airport, while few who extended their stay were taken to the hotel they had booked.
Closing Remarks

On behalf of BCPN, I would like to express my gratitude that The 1st BCPN Conference has been hold successfully. I believe, this event is a beginning of further development of our network with the spirit of “OMOIYARI”. I believe, many projects and collaborations will be initiated by BCPN members in the near future. Those activities will grow the organization and in return, and Global BRIDGE Leaders will rise from BCPN.

My highest appreciation goes to the sponsor, Mr. Satwika Ary Saputra and PT. Inspirasi Kuliner Indonesia. Also, my appreciation is conveyed to the APCC/BCIO Board of Directors. The credit of the successful event is given to BC Indonesia members, and the event organizer team. Thanks to the Putri Duyung Ancol Resort which has been an amazing venue and been very cooperative and to every party, both institution and individual, who has taken part to make this conference a great success.

Lastly, my appreciation to all participants who have spent their time and money to be part of the conference. You are all written in the history of BCPN!
